INTRODUCING CAMEL LIGHT

'CAMEL LIGHT' is a capsule collection inspired by hedonists and pleasure seekers. Softly exploring the social tendencies of creative people and their attraction to excess- drinking, partying, sexual endeavours and Friday FOMO. Often skirting the line between a thirst for life and a coping mechanism.

Described by a friend of the brand as, "The Nanny meets Trainspotting", while one of our models put it- "I went from being Kim Kardashian one minute to a Berlin techno boy the next." The fierce individuality of every piece is treated like a character, armed with ample flourishes of anarchy.

Subverting notions of bad taste- tiger print, tailored suits with too short sleeves and too short shorts, high low combinations of fabrics from the finest silk jacquards and Japanese denim to sports mesh.

This collection is made to order only and will be available for purchase on our online shop from the 12th of May 2019. Sizes NZ 6 to 22. Prices range from NZD 150- 950.
